SITUATION GUIDE

PATROL

Who's behind the door?

Quick visual intelligence when responding to an incident

Shelter in place & evacuations

Use FirstTwo for various types of identification and contact during critical events

RTC / DISPATCH

Who is calling?

Phone number lookup instantly returns name and address

Real-time incident mapping

From lost children to event planning, coordinating officer resources in real-time

INVESTIGATIONS

Locating a name with only a general location

Use FirstTwo name search to identify occupants by partial name, nickname or general location

Family members

Use FirstTwo to run deeper searches to obtain previous addresses or alternate family residences

TESTIMONIALS

"We used FirstTwo to confirm that people lived in the restricted area and were to have access. Many did not have identification because they had to flee, so we used FirstTwo to identify names associated with an address."

- Sheriff
