

Camera Canvas Guide

- Knowing where cameras are located in your area can help in many situations such as when collecting evidence, locating individuals, and identifying actions in specific locations. It's not just about the camera feeds, it's about quickly knowing the location of cameras.
- Allows any officers to instantly mark all other visible cameras that they locate in the field. Everyone in your agency will be able to see the locations of the cameras you and others mark.
- You will be amazed after 6 months how many cameras can be identified in your area!
